

Environmental Policy Statement v1.0

OMEGA Solutions (Cross Hills) Limited is committed to leading the industry in minimising the impact of its activities on the environment.

The key points of our strategy to achieve this are:

- Minimise waste by evaluating operations and ensuring they are as efficient as possible.
- Minimise toxic emissions through the selection and use of its fleet and the source of its power requirement; examples being the company uses an energy efficient and low carbon air source heat pump to heat the office, LED lighting and company travel by car is kept to a minimum in favour of public transport.
- Actively promote recycling both internally and amongst its customers and suppliers.
- Meet or exceed all the environmental legislation that relates to the Company.

The Director is fully committed to achieving this through a proactive programme of continuous improvement, positively promoting a proactive approach to improving the environment.
